# the Oracle® Touch

## Product Description:

The Oracle® Touch is the next generation automatic machine delivering cafe quality coffee, in your own home!

Swipe and select from a menu of 5 cafe favourites or create and personalise your own to enjoy authentic cafe quality coffee...automatically.

Automated, touch screen operation simplifies how to make your favourite cafe coffee in three easy steps - grind, brew and milk. You can easily adjust the coffee strength, milk texture or temperature to suit your taste. Then save it with your own unique name. Create and save up to 8 personalised coffees.

We put the barista inside the machine so you don't have to be one!

The Oracle® Touch delivers on the 4 key elements of true cafe quality coffee:

**Dose amount:** The integrated conical burr grinder automatically grinds, doses and tamps 22 grams for a double shot, similar to the commercial machine in your favourite cafe.

**Precise water temperature:** The difference between an ashy or balanced tasting espresso can be caused by temperature change as little as 1°C. The Oracle® Touch uses digital temperature control (PID) technology this ensures the temperature is kept at its optimum range. The combination of dual stainless steel boilers and heated group head delivers water at the precise temperature.

**Optimal water pressure:** The Over Pressure Valve (OPV) is a commercial feature included in the Oracle® Touch. This limits the maximum pressure throughout the extraction, helping prevent bitter flavours in the coffee shot. It also has true low pressure pre-infusion, which gradually increases the pressure to gently expand the grinds for an even extraction.

**Sufficient steam pressure:** A cafe quality coffee is a delicate balance of espresso flavour and rich sweet milk with micro-foam texture. The steam wand, powered by a dedicated steam boiler, automatically textures milk to your taste, delivering barista quality silky micro-foam that enhances the flavour of coffee. Then it cleans itself!

### **Accessories included in the Oracle® Touch**

Mini grinds bin, Stainless steel portafilter and 2 cup filter baskets, Stainless steel frothing jug, Cleaning kit , Water filter

## Product Technical Specs:

### **Key Catalogue Highlights**

- Simple touch screen operation
- Swipe and select from 5 cafe favourites: espresso, long black, latte, flat white, cappuccino
- Auto grind, dose and tamp
- Auto milk temperature and texturing
- Digital temperature control +/-1°C

### **Other Key Features**

- Touch screen operation for simple ease of use
- 5 customisable coffee settings (espresso, long black, latte, flat white, cappuccino)
- Programmable milk temperature and texture
- Stainless steel dual boiler (espresso and steam)

- Actively heated group head
- Electronic PID temperature control +/-1°C
- Low pressure pre-infusion (4 bar)
- Regulated extraction pressure (OPV)
- 58mm commercial group head

## Model Available In:

COLOUR	PRODUCT SKU / EAN
 Brushed Stainless Steel	SES990BSS4QEU1 9312432033701
 Black Truffle	SES990BTR4QEU1 9312432033718

## Product Technical Specs:

- Auto steam wand cleaning function
- Integrated demo and quick start guide
- Heated 4 cup warming tray
- Work area downlights
- Dedicated hot water outlet
- Auto shut off
- 2.5L removable water tank
- Auto start setting
- Descale and cleaning alerts
- 15 bar Italian pump
- BPA free
- Designed and engineered by Breville Design
- **Wattage:** 2400W
- **Unit Weight (kg):** 16.9 kgs
- **Master Carton Weight (kg):** 1.1 kgs
- **Gross Shipping Weight (kg):** 20.3 kgs
- **Units per Carton:** 1
- **Shipper Dimensions (HxWxL mm):** 554 x 457 x 462 mm
- **Product Dimensions (HxWxL mm):** 454 x 373 x 392 mm
- **Display Box Dimensions (HxWxL mm):** 537 x 444 x 450 mm

## Product Warranty:

- 2 Year Repair, Replace or Refund Guarantee (at the sole discretion of Sage Appliances)
