<b>Energy Efficiency Class for SDR</b>	F
<b>On Mode Power Demand for SDR (Watt)</b>	77
<b>Energy Efficiency Class for HDR</b>	F
<b>On Mode Power Demand for HDR (Watt)</b>	77

The image shows a standard EU energy label for a Hitachi television. At the top left is the European Union flag and the word "ENERG" with a lightning bolt symbol. To the right is a QR code. Below this, the brand name "HITACHI" and model number "55HAQ7350" are printed. The main part of the label is a vertical scale of energy efficiency classes from A (green) to G (red). An arrow points to class F, which is highlighted with a black background and white letter. Below the scale, the energy consumption is listed as "77 kWh/1000h". Underneath that is an "HDR" label with a scale from A to G, also pointing to F and "77 kWh/1000h". A diagram of the TV shows a screen with a diagonal of 139 cm (55 inches), a resolution of 3840 px by 2160 px. At the bottom, there is a barcode and the number "50603691". The date "2019/2013" is printed vertically on the right side.
