# the Smart Grill™ Pro

## Product Description:

**With An Integrated Probe That Knows When Meat or Fish is Done and Tells You When To Take Them Off to Rest**

The Ultimate Grill. Five meat settings have programmed temperatures from rare to well done, with an integrated probe that senses the precise temperature of your meat and indicates when it is time to take off to rest.

Resting meat for 3 to 5 minutes allows the muscle fibres relax and for the juices and flavour to spread evenly throughout the meat without being lost on the first cut. During the rest phase, residual heat continues to cook the meat so it is important to take it off before it reaches the desired doneness. The Smart Grill Pro has a rest meat indicator that alerts you to remove your meat before it reaches its desired doneness, to prevent overcooking.

In the past, removable plates meant easy cleaning, but also inferior heat resulting in chewy meat. Not anymore... With heating elements that embedded in the plates, not underneath them, and an electronic thermostat to sense small movements in temperature, this grill cooks seared and tender steaks twice as fast as a BBQ, and makes clean up a breeze.

It can fold out flat to an open BBQ which doubles the cooking surface and features a PFOA free titanium infused non-stick surface, an LCD screen, adjustable temperature for everything from pancakes, toasted sandwiches to steaks, and adjustable plate height control.

So now you can have your meat at the exact doneness you like and eat it too.

## Model Available In:

COLOUR	PRODUCT SKU
 Brushed Stainless Steel	SGR840BSS4QEU1 9312432033893

## Product Technical Specs:

- Element IQ™ for consistent searing heat
- Smart food menu with integrated probe and rest indicator
- Removable flat and ribbed plates with embeded elements for rapid heat recovery
- Opens to a flat BBQ
- 2400W for fast heat up and quick searing
  
- **Voltage:** 220/240
- **Wattage:** 2400 Watts
- **Unit Weight (kg):** 8.85 kgs
- **Master Carton Weight (kg):** 0.9 kgs
- **Gross Shipping Weight (kg):** 20.8 kgs
- **Units per Carton:** 2
- **Shipper Dimensions (HxWxL mm):** 435x445x480 mm
- **Product Dimensions (HxWxL mm):** 170x392x367 mm
- **Display Box Dimensions (HxWxL mm):** 415x215x465 mm
